May 29, 2010 The patch is to fix the description in the pirate radio stations. It's an extra space on the end of the pirate radio stations. The description is supposed to read AIC| AFM| DJS| EFLC| FPI PGR|RSC| IOM| MIX| RLP| RISVH| WDR instead of AIC| AFM| DJS| EFLC| FPI PGR|RSC| IOM| MIX| RLP| RISVH| WDR| Use the image below as a reference to set the description to the correct statement. ATTENTION: Step 4 - Choose the AO Icons_ x64. Jan 24, 2019 This is the final version of the patch. I did not make any new images. The only thing that I had to change is the dead presidents. There is a folder of dead presidents that I had to convert to the new dead presidents. I'm pretty sure that this is the correct version. Sept 9, 2019 This is a fixed version of the patch with the RSC Icons. This also fixed the "No Radio" bug. "No Radio" was causing the radio stations to not be placed in the map. I don't know how they fixed it, but I'm pretty sure that they just fixed it by not having the stations at the beginning of the map. Oct 31, 2018 This is an updated version of the patch. I added the new dead presidents, and also fixed the description problem. I don't know exactly how the description changed, but I know that it isn't the same as before. The description is "GENERAL EDITOR: This is the General Editor for EFLC. Nov 15, 2012 Introduction to downloading the EFLC patch. Jan 2, 2013 This version of the EFLC patch was made by me, and it has a final version of the patch. I don't know if any updates of the patch have been made by Rockstar or not. I'm pretty sure that they haven't. Mar 28, 2014 This version of the patch is short because I no longer work on the patch. Aug 23, 2014 I have released a new version of the patch. This is also a final version of the patch. I don't have any more updates of the patch. Nov 20, 570a42141b
