7 Themes! Enable change of 7 logon screens! (Total of 7 themes) Supports 7 logon themes! Enable change of 7 logon screens! (Total of 7 themes) My favorite change is the light color bar at the top and bottom (logon/startup orb) and the bottom dark side panel color. Thank you so much for allowing me to change the color of the orb. Light themes are easier on the eyes and help to keep my computer a little brighter. I am grateful for you letting me change this. This is a very good piece of software and allows you to change your 7.0 logon screen. It makes for a neat change and I am very grateful of you for doing this for us because this means that we can change our desktop wallpaper to a different colour as well. I am also delighted with the fact that you have added 7 more themes to the 7.0 logon screen. I think it is the best logon screen because you can change your background to 7 different colours which is hard to do when you have to change your logon screen settings by hand.
